DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on 11/18/04 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US 5,900,726 and US 5,510,716 have been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. Claims 1-27 are allowed.

3. The following is an examiner's statement of reasons for allowance: The primary reasons for allowance of claim 1 is the inclusion of the limitations of a method for quantitatively determining a parameter of a fluid having a physical property, the fluid disposed within a vessel which flows a first portion of fluid having a first value of the physical property, and out of which vessel flows a second portion having a second value of the physical property including the method steps of altering the first value of the physical property, measuring the difference between the first and second values and utilizing the difference value to quantitatively determine a parameter of the fluid. As to claim 15, the primary reasons for allowance is the inclusion of the limitations of an apparatus for quantitatively determining a parameter of a fluid having a physical property having the fluid disposed within a vessel which flows a first portion of fluid having a first value of the physical property, and out of which vessel flows a second portion having a second value of the physical property having means for altering the first value, means of measuring the difference of the first and second values and means for interpreting the difference
